

PROFESSIONAL SUMMARY

MBA candidate and operations strategy leader with experience in pricing, capital investment, vendor economics, and executive decision support. Brings engineering rigor, cross-functional leadership, and formal transaction-modeling training.

EDUCATION

Temple University - Fox School of Business	May 2027
M.B.A. Candidate Finance Association; Investment Banking Fellows	
Pennsylvania State University	May 2021
B.S. Industrial Engineering GPA: 3.67/4.00	

PROFESSIONAL EXPERIENCE

Orion Mobility Philadelphia, PA	Mar 2024 - Jul 2026
Operations Strategy Manager	
- Led pricing redesign for a \$120 million service line, analyzing customer profitability and willingness-to-pay to deliver \$3.1 million of annualized revenue uplift. - Built a five-year capital model for a \$42 million facility expansion, comparing demand, utilization, labor, and NPV scenarios for executive approval. - Negotiated vendor scope and service levels across \$18 million of annual spend, producing \$1.4 million in recurring savings without reducing capacity. - Managed a six-person cross-functional team through a network redesign that improved on-time delivery from 91% to 97%. - Prepared executive steering-committee materials connecting service-level, customer-retention, capital, and margin implications across three strategic alternatives. - Coached two analysts on financial analysis, workplan management, and senior-ready communication while coordinating decisions with finance, sales, technology, and operations leaders.	
Orion Mobility Philadelphia, PA	Jul 2021 - Feb 2024
Operations Analyst	
- Developed capacity and cost dashboards for 14 operating sites and identified scheduling changes that reduced overtime expense 12%. - Presented monthly KPI and variance analysis to regional finance and operations leaders. - Analyzed labor, throughput, service, and cost data to prioritize improvement opportunities across 14 operating sites. - Built recurring scorecards and presented trend, variance, and root-cause findings to regional operations and finance leaders.	

SELECTED FINANCE PROJECT

MBA Investment Banking Practicum Team Lead	Sep 2026 - Present
- Lead a four-person team advising a fictional specialty-manufacturing client on strategic alternatives and capital needs. - Built valuation and merger-impact analyses and prepared an executive presentation covering process, buyer universe, financing, and execution risks.
